

Hicksville School Foundation

Building a Legacy... One Brick at a time.

The new Hicksville School building will be completed before we know it. To add to the class of the facility, the Hicksville School Foundation is offering engraved bricks to be placed around the schools grounds. The bricks are scheduled to be installed prior to the first day of classes at the new building.

The mission of the HSF is to provide funding for student and teacher development beyond the basic minimum standards established by law by enriching the curriculum of the schools, and encouraging and recognizing students and staff achievement. Thus, this fundraising activity serves two purposes. First, it allows you to leave a lasting inscription for current and future generations to see for years to come. Secondly, it allows our Foundation to raise funds in our continuous efforts to provide valued support to our school district.

- An individual, family, business, organization or anyone can purchase a brick
- Engravings can be corporations, clubs, families, in honor of or in memorial to

*All contributions are **tax deductible** as the HSF is a 501(c)(3) organization.*

Learn more about us by visiting www.hicksvilleschoolfoundation.com. You may also obtain an order form at this website or by contacting any Hicksville School Foundation director.

We thank you for your support!! (order form on reverse side)
